PROFILE

Web designer with 3 years of experience building small business websites. Moving towards development work and learning JavaScript.

EXPERIENCE

Web Designer, Pixelcraft Agency **2023 to present**

- Designed and built 25 WordPress sites for small businesses, including a booking site for a guest house.
- Customised themes with HTML, CSS and some PHP, and wrote small JavaScript snippets for forms and sliders.
- Speak to clients weekly to collect feedback and explain changes in simple terms.

LEARNING

- Completed an online JavaScript course and built a to-do list app and a weather page using a public API.
- Reading about SQL, no practical projects yet.

SKILLS

WordPress, HTML, CSS, PHP (basic), JavaScript (learning), Figma, Photoshop, client communication.
