PROFILE

Junior developer with one year of experience building websites in JavaScript. Interested in working with databases and larger projects.

EXPERIENCE

Junior Web Developer, Greenfield Digital 2025 to present

- Built landing pages and a contact form with JavaScript and a Node.js back end for 4 small business clients.
- Wrote a few SQL queries (MySQL) to load product data for an online shop.
- Use Git with the team, and have opened pull requests for small bug fixes.

PROJECTS

- Weather dashboard using a public API (JavaScript, deployed to GitHub Pages).

SKILLS

JavaScript, Node.js, HTML, CSS, MySQL (basic), Git.

EDUCATION

Diploma in Web Development, 2024.
